2. Composition / Information On Ingredients

Ingredient	INCI Name	Weight	Hazard	Risk No
ethanol	ethanol	5-15%		F;R11
Limonene	Limonene		S 24-37-60/61	R10-38-43-50/53
Citral	Citral			R36/37/38

3. Hazard Identification

Human The product is not classified as dangerous according to Directive 1999/45/EC and its amendments.

Safety The product is not classified as dangerous according to Directive 1999/45/EC and its amendments.

Ecological The product is not classified as dangerous according to Directive 1999/45/EC and its amendments.

4. First Aid Measures

Inhalation Move exposed person to fresh air. Keep person warm and at rest. If not breathing, if breathing is irregular or if respiratory arrest occurs, provide artificial respiration or oxygen by trained personnel. Get medical attention if symptoms occur.

Ingestion Wash out the mouth with water. Move exposed person to fresh air. Keep person warm and at rest.

If material has been swallowed and the exposed person is conscious, give small quantities of water to drink. Do not induce vomiting unless directed to do so by medical personnel. Get medical attention if symptoms occur.

Skin Contact Flush contaminated skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention if symptoms occur.

Eye Contact Immediately flush eyes with plenty of water, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses. Continue to rinse for at least 10 minutes. Get medical attention if irritation occurs.

5. Fire Fighting Measures

Suitable: Use an extinguishing agent suitable for the surrounding fire.

Special exposure hazards: In a fire or if heated, a pressure increase will occur and the container may burst. Promptly isolate the scene by removing all persons from the vicinity of the incident if there is a fire. No action shall be taken involving any personal risk or without suitable training.

Hazardous thermal decomposition products: Decomposition products may include the following materials: carbon dioxide, carbon monoxide.

6. Accidental Release Measures

Personal precautions: No action shall be taken involving any personal risk or without suitable training. Evacuate surrounding areas. Keep unnecessary and unprotected personnel from entering. Do not touch or walk through spilt material. Put on appropriate personal protective equipment.

Environmental precautions: Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers. Inform the relevant authorities if the product has caused environmental pollution.

Small spill: stop leak if without risk. Move containers from spill area.

Dilute with water and mop up if water-soluble or absorb with an inert dry material and place in an appropriate waste disposal contractor.

Large Spill: Prevent entry into sewers, water courses, basements or confined areas. Wash spillages into an effluent treatment plant or proceed as follows. Contain and collect spillage with non-combustible, absorbent material e.g. sand, earth, vermiculite or diatomaceous earth and place in container for disposal according to local regulations.

7. Handling & Storage

Handling Put on appropriate personal protective equipment. Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking.

Storage Store in accordance with local regulations. Store in original container protected from direct sunlight in a dry, cool and well-ventilated area, away from incompatible materials and food and drink. Keep container tightly closed and sealed until ready for use. Containers that have been opened must be carefully resealed and kept upright to prevent leakage. Do not store in unlabelled containers. Use appropriate containment to avoid environmental contamination.

Packaging materials Use original container

8. Exposure Controls & Personal Protection

General Information None required during normal use. Avoid prolonged or repeated contact.

Hand Protection wash hands after use

Skin Protection avoid contact with eyes or irritated skin.

Eye Protection Avoid contact with eyes or irritated skin. In case of contact with the eyes, rinse with plenty of water.

Respiratory None required during normal use.

Occupational Exposure Limits TWA: 1920 mg/m³ 8 hour(s)
TWA: 1000ppm 8 hour(s)
No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants. If this product contains ingredients with exposure limits, use process enclosures, local exhaust ventilation or other engineering controls to keep worker exposure below any recommended or statutory limits.

9. Physical & Chemical Properties

Physical state Liquid (Liquid impregnated in a fabric)

Colour Translucent

Odour Characteristic

pH 5 to 6

Solubility Easily soluble in the following materials: cold water

10. Stability & Reactivity

Chemical stability: The product is stable.

Possibility of hazardous reactions: Under normal conditions of storage and use, hazardous reactions will not occur.

Hazardous decomposition products: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

11. Toxicological Information

Inhalation: No known significant effects or critical hazards.

Ingestion: No known significant effects or critical hazards.

Skin contact: No known significant effects or critical hazards.

Eye contact: No known significant effects or critical hazards.

12. Ecological Information

Ecotoxicity: No known significant effects or critical.

13. Disposal

Methods of disposal: The generation of waste should be avoided or minimised wherever possible. Empty containers or liners may retain some product residues. This material and its container must be disposed of in a safe way. Dispose of surplus and non-recyclable products via a licensed waste disposal contractor. Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements. Avoid dispersal of spilt material and runoff and contact with soil, waterways, drains and sewers.

Hazardous waste: Within the present knowledge of the supplier, this product is not regarded as hazardous waste, as defined by EU Directive 31/689/EEC

14. Transport Information

Not registered as hazardous for transportation purposes.

15. Regulatory Information

Classification and labeling have been determined according to EU Directives 67/548/EEC and 1999/45/EC (including amendments) and take into account the intended product use.
