### 2. Composition / Information On Ingredients

<b>Ingredient</b>	<b>INCI Name</b>	<b>Weight</b>	<b>Hazard</b>	<b>Risk No</b>
Ethanol	Alcohol Denat.	5 - 15%	Highly Flammable	R11
Alkyldimethylbenzylammonium chloride	Benzalkonium Chloride	< 1%	Harmful, Corrosive	R21/22, R34
Alkyl dimethyl ethylbenzyl ammonium chloride	Alkyl C12-14 dimethyl ethylbenzy	< 1%	Harmful, Corrosive	R21/22, R34
Lauryl Glucoside	Lauryl Glucoside	1 - 5%	Irritant	R38, R41
Coco Glucoside	Coco Glucoside	< 1%	Irritant	R41
Fragrance	Parfum	< 1%	Irritant	R38, R43
Benzophenone-2	Benzophenone-2	< 1%	Harmful, Irritant	R22, R36/37/38
Dye: Blue no.1	CI 42090	< 1%	None	-
Dye: Quinoline Yellow	CI 47005	< 1%	None	-

### 3. Hazard Identification

**Human** If ingested may cause some irritation to the mouth and upper digestive tract.  
May irritate eye.  
May cause stinging if it enters the eyes.  
May cause slight skin irritation.  
Unlikely to cause damage to internal organs

following skin contact.

Inhalation may cause slight irritation of the nose and upper respiratory tract.

**Safety** Not classified as flammable, explosive or oxidising. Unclassified.

**Ecological** Inherently biodegradable so unlikely to accumulate in the aquatic environment.

There is insufficient amounts of ingredients available in the product to cause adverse effect to the environment.

Not classified as dangerous to the environment.

## 4. First Aid Measures

**Ingestion** In cases of ingestion, wash out mouth with water but do not give anything to swallow. Obtain medical attention urgently.  
Medical advice: This product may be aspirated on swallowing or following regurgitation of stomach contents as a result of vomiting. Aspiration is likely to cause severe pneumonitis which may require urgent treatment. Induction of vomiting should be avoided and gastric lavage should only be undertaken by endotracheal intubation.

**Skin Contact** In cases of skin contact, wash the skin with soap and water.

**Eye Contact** In cases of eye contact, wash out the eye thoroughly with plenty of clean water.

**Inhalation** Inhalation an unlikely event with this product.

## 5. Fire Fighting Measures

Fumes containing carbon dioxide and carbon monoxide may be formed in large fires.

Put out any fire with powder, foam, sand or water spray. The product is unlikely to support combustion due to its water content.

Avoid using large quantities of water.

In case of fire, self contained breathing apparatus must be worn.

## 6. Accidental Release Measures

Contain and collect spillage.

Absorb on sand / kieselguhr or other inert material.

Failure to contain a release must be notified to both the local authority

and Mark & Spencer Plc.

Wear impervious gloves / overalls and eye protection while clearing up the spillage.

May make floor very slippery.

Do not wash into the drains.

Place in plastic barrels for disposal.

Do not mix with other waste materials.

Dispose of in accordance with State and local authority regulations.

Seek advice from the local waste authority.

## 7. Handling & Storage

**Handling** No specific handling conditions, other than those applied as best practice.

**Storage** Do not store close to strong oxidising agents which could aggravate any fire situation.  
No special storage requirements.  
Do not product in direct sunlight.  
Store in the containers, as supplied, at between 5 and 40°C.

## 8. Exposure Controls & Personal Protection

**General Information** Avoid contact with eyes, skin or clothes.

**Hand Protection** None

**Skin Protection** None

**Eye Protection** None

**Respiratory** Not required

**Occupational Exposure Limits** Ethanol 8hr TWA 1920 mg/m<sup>3</sup> EH40/99

## 9. Physical & Chemical Properties

**Appearance** Thin, clear, pale green liquid.

**Odour** Perfumed, citrus / herbal.

**pH** 5.0 - 6.0

## 10. Stability & Reactivity

Conditions to avoid: May react with strong oxidants.

Materials to avoid: None identified.

Hazardous decomposition products: Not expected to decompose during normal use

## **11. Toxicological Information**

Not classified as 'Harmful if swallowed'. May cause minimal effects following ingestion.

Will cause severe chemical pneumonitis if aspirated into the lungs.

Prolonged contact may cause slight skin irritation.

Contains low concentrations of one or more allergens. People who are already sensitive to these materials may react adversely to this product.

May cause eye irritation.

## **12. Ecological Information**

Ecotoxicity:

Do not release into surface waters.

There is insufficient amount of ingredients available in the product to cause adverse effect in the environment.

Persistence and Biodegradability:

This product is inherently biodegradable.

## **13. Disposal**

When disposing of waste or surplus material avoid contact with the eye and skin. Wear impervious gloves / overalls and chemical safety goggles.

Do not wash into the drains.

Do not mix with other waste materials.

Seek advice from the local authority.

No special disposal considerations, may be washed away with normal household water.

## **14. Transport Information**

Not classified as hazardous to transport.

## **15. Regulatory Information**

This substance has been assessed using the health, safety and the environment criteria laid down in the EEC Directives on the Control of Dangerous Substances and Preparations. It is found not to be classified according to the health and safety or environmental criteria.

USE ONLY AS DIRECTED  
KEEP AWAY FROM CHILDREN  
WASH HANDS AFTER USE

## **16. Other Information**

This safety data sheet takes into account the enactment of Council Directive 67/548, and its amendments/adaptations. This safety data sheet is accurate to the best of our knowledge and is based on information which we consider reliable. It is furnished without warranty.
