

# Marks & Spencer Homecare Products Ingredients and Safety Data Sheet

## Bathroom Cleaner

UPC: 129794

Series Number: 4767/6054

Marks & Spencer PLC

Waterside House

35 North Warf Road

London

W2 1NW

In an emergency please call 01342 870900

## 2. Composition / Information On Ingredients

| Ingredient                | INCI Name                 | Weight  | Hazard                         | Risk No |
|---------------------------|---------------------------|---------|--------------------------------|---------|
| Sodium Cocoyl Sarcosinate | Sodium Cocoyl Sarcosinate | 1 - 5%  | Risk of serious damage to eyes | R41     |
| Alcohol                   | Alcohol denat.            | 5 - 15% | Highly flammable               | R11     |
| Coco-glucoside            | Coco-Glucoside            | 1 - 5%  | Risk of serious damage to eyes | R41     |

## 3. Hazard Identification

**Human** If ingested may cause some irritation to the mouth and upper digestive tract.  
May irritate the eye.  
May cause stinging if it enters the eye.  
May cause slight skin irritation.  
Unlikely to cause damage to internal organs follow skin contact.

**Safety** Not classified as flammable, explosive or oxidising.  
Unclassified.

**Ecological** Inherently biodegradable so unlikely to accumulate in the aquatic environment.  
There are insufficient amounts of ingredients available in the product to cause adverse effect to the environment.  
Not classified as dangerous to the environment.

## 4. First Aid Measures

**Ingestion** In cases of ingestion, wash out mouth with water but do not give anything to swallow. Do not induce vomiting. Obtain medical attention urgently.  
Medical advice: This product may aspirated on swallowing or following regurgitation of stomach contents as a result of vomiting. Aspiration is likely to cause severe chemical pneumonitis which may require urgent treatment. Induction of vomiting should be avoided and gastric lavage should only be undertaken by endotracheal intubation.

**Skin Contact** In cases of skin contact, wash the skin with soap and water.

**Eye Contact** In cases of eye contact, wash out the eye thoroughly with plenty of clean water.

**Inhalation** Inhalation is an unlikely event with this product.

## 5. Fire Fighting Measures

Fumes containing carbon dioxide and carbon monoxide may be formed in large fires.

Put out any fire powder, foam, sand or water spray. The product is unlikely to support combustion due to its water content.

Avoid using large quantities of water.

In case of fire, self contained breathing apparatus must be worn.

## 6. Accidental Release Measures

Contain and collect any spillage.

Absorb on to sand/kieselguhr or other inert material.

Failure to contain a release must be notified to both the local authority and Marks & Spencer Plc.

Wear impervious gloves /overalls and eye protection while clearing up the spillage.

May make floor very slippery.

Do not wash into the drains.

Place in plastic barrels for disposal.

Do not mix with other waste materials.

Dispose of in accordance with State and local authority regulations.

Seek advice from local waste authority.

## 7. Handling & Storage

**Handling** No specific handling conditions, other than those applied as best practice.

**Storage** Do not store close to strong oxidising agents which could aggravate any fire situation.  
No special storage conditions.  
Do not store product in direct sunlight.  
Store in the containers, as supplied, at between 5 and 40°C.

## 8. Exposure Controls & Personal Protection

**General Information** Avoid contact with eyes, skin or clothes.

**Hand Protection** None

**Skin Protection** None

**Eye Protection** None

**Respiratory** None

**Occupational Exposure Limits** Ethanol 8hr TWA 1920 mg/m<sup>3</sup> EH40/99

## 9. Physical & Chemical Properties

**Appearance:** Water thin, clear colourless liquid.

**Odour:** Citrus.

**pH:** 7.7 to 8.3

**Density:** 0.987 to 1.07 g/cm<sup>3</sup>

## 10. Stability & Reactivity

Conditions to avoid: May react with strong oxidants.

Materials to avoid: None identified.

Hazardous decomposition products: Not expected to decompose during normal use.

## 11. Toxicological Information

Not classified as 'Harmful if swallowfield'. May cause minimal effect following ingestion.

Will cause severe chemical pneumonitis if aspirated into the lungs.

Prolonged contact may cause slight skin irritation.  
Contains low concentrations of one or more allergens. People who are already sensitive to these materials may react adversely to this product.  
May cause eye irritation.

## **12. Ecological Information**

Eco toxicity

Do not release into surface waters.

There is insufficient amounts of ingredients available in the product to cause adverse effect in the environment.

Persistence and biodegradability: This product is inherently biodegradable.

## **13. Disposal**

When disposing of waste or surplus material avoid contact with the eye or skin. Wear impervious gloves/overalls and chemical safety goggles.

Do not wash into the drains.

Do not mix with other waste materials.

Seek advice from the local authority.

No special disposal considerations, may be washed away with normal household water.

## **14. Transport Information**

No classified as 'Hazardous for Transport'.

## **15. Regulatory Information**

This substance has been assessed using the health, safety and environment criteria laid down in the EEC Directives on the Control of Dangerous Substances and Preparations. It is found not to be classified according to the health and safety or environmental criteria.

USE ONLY AS DIRECTED

KEEP AWAY FROM CHILDREN

WASH HANDS AFTER USE

## **16. Other Information**

This safety data sheet takes into account the enactment of Council Directive 67/548, and its amendment/adaptions. This safety data sheet is accurate to the best of our knowledge and is based on information which we consider is reliable. It is furnished without warranty.
