## 8. Exposure Controls & Personal Protection

**General Information** None

**Hand Protection** None required during normal use. Avoid prolonged or repeated contact.

**Skin Protection** None required during normal use. Avoid prolonged or repeated contact.

**Eye Protection** None required during normal use.

**Respiratory** None required during normal use.

**Occupational Exposure Limits** None assigned for this product.

## 9. Physical & Chemical Properties

**Appearance** White tablet.

**pH** 10.82

**Odour** Unperfumed

## 10. Stability & Reactivity

CONDITIONS TO AVOID:  
Extreme temperatures.

## 11. Toxicological Information

EYE:

May cause irritation if product comes into contact with eye.

SKIN:

Frequent or prolonged contact may lead to irritation.

INGESTION:

Low toxicity. May cause local irritation of the mouth and upper digestive tract.

#### INHALATION:

Inhalation of the dust may cause irritation of the nose and upper respiratory tract. Inhalation exposure to a product of this type is unlikely since there is a very small proportion of respirable particles.

### **12. Ecological Information**

The surfactants contained in this the product comply with the biodegradability criteria as laid down in regulation (EC) No 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the member states. The other components of this product are either inert or are absorbed onto sewage and sediments etc., or will biodegrade to substances which are likely to be of low environmental impact when the product is used as directed. Under the conditions of expected use, a solution of the product is unlikely to cause any detrimental effects to the sewage treatment system. The organic components will degrade into materials which are environmentally acceptable. This product contains phosphate. It should be noted that the release of phosphates into the environment has been implicated in the aetiology of eutrophication, particularly in slow moving or static water systems.

### **13. Disposal**

#### CONTENTS:

Under conditions of expected use the product will be disposed of at the end of its life into the normal domestic refuse system. No adverse effects are expected. Large quantities should be disposed of in accordance with local regulations.

#### EMPTY CONTAINERS:

Dispose of in accordance with local regulations. Product packaging may be recycled where facilities are available.

### **14. Transport Information**

Not registered as hazardous for transportation purposes.

### **15. Regulatory Information**

Under the Chemical Hazard, Information and Packaging Regulations (CHIP4.0) 2009 this product is not classified as dangerous to human health or to the aquatic environment.

This product does not require any additional ingredient declaration under Regulation EC 648/2004/EC on Detergents.

## **16. Other Information**

For Information:

R8 Contact with combustible material may cause fire.

R22 Harmful if swallowed.

R34 Causes burns.

R36 Irritating to eyes.

R37 Irritating to respiratory system.

R38 Irritating to skin.

R41 Risk of serious damage to eyes.

R52 Harmful to aquatic organisms.

A.I.S.E. Recommended Phrases:

Keep away from children

Keep away from eyes. If product gets into eyes rinse thoroughly with water

Rinse and dry hands after use

People with sensitive or damaged skin should avoid prolonged contact with the product

Do not ingest. If product is ingested then seek medical advice
