Hand Protection None required during normal use. Avoid prolonged or repeated contact.

Skin Protection None required during normal use. Avoid prolonged or repeated contact.

Eye Protection None required during normal use.

Respiratory None required during normal use.

Occupational Exposure Limits None assigned

9. Physical & Chemical Properties

None

10. Stability & Reactivity

Conditions to avoid: Extreme temperatures.

11. Toxicological Information

EYE: May cause irritation if product comes into contact with eye.

SKIN: Frequent or prolonged contact may lead to irritation.

INGESTION: Low toxicity. May cause local irritation of the mouth and upper digestive tract.

INHALATION: Low risk. Vapour concentrations may be irritating to the respiratory tract.

12. Ecological Information

The surfactants contained in this product comply with the biodegradability criteria as laid down in regulation (EC) No 648/2004 on detergents. Data to support this assertion are held at the disposal of the competent authorities of the member state. The other components of this product are either inert or are absorbed onto sewage and sediments etc., or will biodegrade to substances which are likely to be of low environmental impact when the product is used as directed.

Product packaging may be recycled where facilities are available.

13. Disposal

Contents:

Under conditions of expected use the product will be disposed of at the end of its life into the normal domestic refuse system. No adverse effects are expected. Large quantities should be disposed of in accordance with local regulations.

Empty Containers:

Dispose of in accordance with local regulations. Product packaging may be recycled where facilities are available.
