In an emergency please call 01342 870900

2. Composition / Information On Ingredients

Ingredient	INCI Name	Weight	Hazard	Risk No
Butane/Isobutane/Propane	Butane/Isobutane/Propane	5 - 15%	R12	Extremely flammable

3. Hazard Identification

Human If ingested may cause some irritation to the mouth and upper digestive tract.
May irritate the eye.
May cause slight skin irritation.
Prolonged inhalation of high concentrations of the aerosol and derived vapours may induce drowsiness, headache, loss of coordination and narcosis. In severe over exposure this may lead to coma and death.

Safety Highly flammable

Ecological Readily biodegradable so unlikely to accumulate in the aquatic environment.

Not classified as dangerous to the environment

4. First Aid Measures

Ingestion In cases of ingestion, wash out the mouth with water.

Skin Contact In cases of skin contact, wash the skin with soap and water.

Eye Contact In cases of eye contact, wash out the eye thoroughly with plenty of clean water.

Inhalation In cases of inhalation, remove from exposure. Keep warm and at rest.

5. Fire Fighting Measures

Fumes containing carbon dioxide and carbon monoxide may be formed in large fires.

Put out any fire with powder, foam, sand or water spray. The product is unlikely to support combustion due to its water content.

Avoid using large quantities of water.

In case of fire, cool the stored aerosol cans with water spray.

In case of fire, self contained breathing apparatus must be worn.

6. Accidental Release Measures

Contain and collect spillage. Extinguish any naked flames and remove any sources of ignition.

Absorb on to sand/kieselguhr or other inert material.

Failure to contain a release must be notified to both the local authority and Swallowfield Plc.

Wear impervious gloves/overalls, eye protection and a vapour absorbing face mask while clearing up the spillage.

Do not wash into the drains.

Place in plastics barrels for disposal.

Do not mix with other waste materials.

Dispose of in accordance with State and local authority regulations.

Seek advice from the local waste authority.

7. Handling & Storage

Storage Keep away from sources of ignition.
Store the aerosol cans at between 5 and 50

degrees Centigrade out of direct sunlight.
Do not store close to strong oxidising agents which could aggravate any fire situation.

Handling Use in a well ventilated area.

8. Exposure Controls & Personal Protection

General Information Avoid contact with eyes, skin or clothes, do not inhale the spray.

Working procedures should be designed to minimise worker exposure to this product. Where this is not possible the following personal protective equipment should be provided.

Hand Protection Impervious gloves recommended.

Skin Protection Protective overalls and shoes/boots recommended

Eye Protection Chemical safety goggles recommended.

Respiratory Adequate particulate absorbing face mask, respiratory protection recommended. All personal protective equipment must comply with the appropriate EEC (CE) standards and should be maintained and stored to ensure continued suitability for use. Workers should be trained in the effective use and maintenance of the personal protective equipment provided.

Occupational Exposure Limits Butane & Isobutane & propane

8 hr TWA Butane 600ppm 1450mg/m³

9. Physical & Chemical Properties

Appearance An aerosol product

10. Stability & Reactivity

May react with strong oxidants.

Decomposition can occur above 100degC after loss of any volatile components.

11. Toxicological Information

LD50(oral rat)>200mg/kg

Not classified as "Harmful if swallowed"

May cause minimal effects following ingestion.

Prolonged contact may cause slight skin irritation.
May cause eye irritation.
Inhalation of the aerosol/spray may cause slight irritation of the nose and upper respiratory tract.

12. Ecological Information

This product is readily biodegradable.
Do not release into surface waters.

13. Disposal

When disposing of waste or surplus material avoid contact with the eye and skin. Wear impervious gloves/overalls and chemical safety goggles.
Do not wash into the drains.
Do not mix with other waste materials.
Seek advice from the local waste authority.

14. Transport Information

This product is classified as Dangerous for Transport and should be labelled:-

Aerosol highly flammable UN No 1950

15. Regulatory Information

This preparation has been assessed using the health, safety and environmental criteria laid down in the EEC Directives on the Control of Dangerous Substances and Preparations. It is found to be classified as "Dangerous" according to the safety criteria and should be labelled:-

F Highly Flammable.

USE ONLY AS DIRECTED.
KEEP AWAY FROM CHILDREN.
WASH HANDS AFTER USE.

R11 Highly flammable.
S2 Keep out of the reach of children.
S43 In case of fire, use dry chemical, foam or fine water spray - Do not use water jet
S16 Keep away from sources of ignition - No smoking

Contains 30% by weight flammable material.
Solvent abuse can kill instantly.

Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50 degree Centigrade. Do not pierce or burn the can, even after use.

Do not spray on naked flames or incandescent material.

Do not spray into the eyes or onto the skin and avoid inhalation of the vapour or spray.

Use only as directed.

16. Other Information

This safety data sheet takes into account the enactment of Council Directive 67/548, and its amendments/adaptations. This safety data sheet is accurate to the best of our knowledge and is based on information which we consider is reliable. It is furnished without warranty.
