## Peony Blossom Room Mist

UPC: 0697286  
Series Number: 4767  
Marks & Spencer PLC  
Waterside House  
35 North Warf Road  
London  
W2 1NW

In an emergency please call 01342 870900

## 2. Composition / Information On Ingredients

| Ingredient     | INCI Name      | Weight   | Hazard | Risk No |
|----------------|----------------|----------|--------|---------|
| Butane         | Butane         | 10-100%  |        | F+ R12  |
| Propane        | Propane        | 10-100%  |        | F+ R12  |
| Isobutane      | Isobutane      | 10-100%  |        | F+ R12  |
| Ethanol        | Ethanol        | 1-10%    |        | F R11   |
| Hexyl Cinnamal | Hexyl Cinnamal | 0.1-1.0% |        | R43     |

## 3. Hazard Identification

**Human** None

**Safety** Under the Chemical Hazard, Information and Packaging Regulations (CHIP4.0) 2009 this product is classified non-dangerous to human health and the environment. This product is also covered by the EC Directives on Aerosols (75/324/EC) and subsequent amendments (94/1/EC), and as such is classified: Extremely Flammable.  
to human health and the environment. This product is also covered by the EC Directives on Aerosols (75/324/EC) and subsequent amendments (94/1/EC) and as such is classified:

EXTREMELY FLAMMABLE

"This product also contains materials classified as

R43 at levels >0.1% therefore the following warning is required:  
Contains Hexyl Cinnamal. May produce an allergic reaction"

Prolonged or repeated exposure to the skin may cause irritation.

If product comes into contact with eyes may cause slight to moderate irritation.

Inhalation may cause irritation of nasal mucosa.

Over - exposure due to deliberate or accidental inhalation of the concentrated aerosol - derived gases or vapours could lead to drowsiness, headache, narcosis. On rare occasions excessive inhalation may lead to coma or death in susceptible individuals.

**Ecological** None

## 4. First Aid Measures

**Eye Contact** Immediately wash the eye with plenty of water for at least 10 minutes holding the eye open. Seek medical advice if irritation persists.

**Skin Contact** Wash skin thoroughly with soap and water.

**Ingestion** Wash out mouth with water. Do not induce vomiting. Obtain medical advice.

**Inhalation** Remove from site of exposure into fresh air. Keep warm and at rest. Seek medical attention immediately if breathing shows signs of failure or deliberate abuse is suspected. If breathing stops apply mouth to mouth ventilation.

## 5. Fire Fighting Measures

SUITABLE EXTINGUISHERS: Carbon dioxide, foam, dry powder & water mist.

EXTINGUISHERS NOT TO BE USED: DO NOT USE DIRECT WATER JET.

SPECIAL EQUIPMENT: In case of fire, self contained breathing apparatus

should be worn.

HAZARDOUS COMBUSTION PRODUCT: Not applicable.

EXPOSURE HAZARDS: Not applicable.

## 6. Accidental Release Measures

PERSONAL PRECAUTIONS: Avoid contact with eyes. Avoid repeated or prolonged contact with skin. Keep out of the reach of children.

ENVIRONMENTAL PRECAUTIONS: Avoid discharge of large volumes into water courses.

METHODS FOR CLEANING UP: Do not pierce or burn the container, even after use. Discharge contents of container completely and dispose of safely in accordance with local regulations.

In the event of a large spill, e.g. during transport and distribution, absorb onto absorbent material and dispose of in accordance with local regulations. Prevent the liquid from entering sewers, watercourses etc. Open doors and windows to ensure maximum ventilation. Any vapours derived from the spillage will be highly flammable. Care must be taken to avoid ignition of these vapours. No smoking or naked flames should be allowed.

## 7. Handling & Storage

**Handling** Maintain good personal and occupational hygiene. Do not discharge the product whilst smoking or close to a naked flame, incandescent heat source or electrical equipment in use.

**Storage** Store in original container, preferably at ambient temperatures with good ventilation. Protect from sunlight, open flames and sources of ignition. Keep out of the reach of children. Do not expose to temperatures exceeding 50 Deg C. Use only as directed.

## 8. Exposure Controls & Personal Protection

None

## 9. Physical & Chemical Properties

**Appearance** Fine Spray

## 10. Stability & Reactivity

Conditions to avoid: Extreme temperatures and sunlight.

Materials to avoid: Naked flames and sources of ignition.

## 11. Toxicological Information

EYE: May cause irritation if product comes into contact with eye. If aerosol is discharged directly into the eye, then physical damage, which may include superficial freeze burns, may occur.

SKIN: Frequent or prolonged contact may lead to irritation. If sprayed directly onto the skin, freeze burns may result due to the rapid expansion of the gas as it leaves the can.

INGESTION: Low toxicity. May cause local irritation of the mouth and upper digestive tract.

INHALATION: Some local irritation of the nasal mucosa is possible, but during normal use this will be transient. Over-exposure due to deliberate or accidental inhalation of the aerosol-derived gases and vapours could lead to drowsiness, headaches, and narcosis. Rarely, excessive inhalation may lead to a coma and death in susceptible individuals.

## 12. Ecological Information

During use the product will evaporate into the atmosphere. The evaporated product will be diluted greatly in the atmosphere and therefore be of very low environmental impact when used as directed. The product is not expected to cause a hazard in the aquatic environment.

Product packaging may be recycled where facilities are available.

## 13. Disposal

Contents:

Under conditions of expected use the product will be disposed of at the end of its life into the normal domestic refuse system.

No adverse effects are expected.

Large quantities should be disposed of in accordance with local regulations.

Do not pierce or burn the container after use.

Empty Containers:

Dispose of in accordance with local regulations.

Product packaging may be recycled where facilities are available.

## **14. Transport Information**

EXTREMELY FLAMMABLE  
AEROSOLS UN 1950  
ARD/RID CLASS 2  
IMDG CLASS 2.1

## **15. Regulatory Information**

Under the Chemical Hazard, Information and Packaging Regulations (CHIP4.0) 2009 this product is classified non-dangerous to human health and the environment. This product is also covered by the EC Directives on Aerosols (75/324/EC) and subsequent amendments (94/1/EC), and as such is classified: Extremely Flammable.  
to human health and the environment. This product is also covered by the EC Directives on Aerosols (75/324/EC) and subsequent amendments (94/1/EC) and as such is classified:

EXTREMELY FLAMMABLE

This product also contains materials classified as R43 at levels >0.1% therefore the product requires a sensitiser warning on pack

CHIP PANEL  
Extremely Flammable  
S2 Keep out of the reach of children  
S25 Avoid Contact with eyes  
S16 Keep away from sources of ignition - No smoking!  
Do not spray on a naked flame or any incandescent material  
Contains Hexyl Cinnamal. May produce an allergic reaction

AEROSOLS DIRECTIVE / BAMA STANDARD WARNING PANEL  
Warning / Caution (delete as appropriate)  
Pressurised container. Protect from sunlight and do not expose to temperatures exceeding 50°C  
Do not pierce or burn even after use.  
Use only as directed.  
Intentional misuse by deliberately concentrating and inhaling contents can be harmful or fatal.

SAKI WARNING (UK Only)

## 16. Other Information

R11 Highly Flammable

R12 Extremely Flammable

R43 May cause sensitisation on skin contact.

A.I.S.E Recommended Phrases:

Rinse and dry hands after use

People with sensitive or damaged skin should avoid prolonged contact with the product

AIR FRESHENERS PRODUCTS STEWARDSHIP PROGRAMME

McBride signed up to the Air Fresheners Products Stewardship programme in 2007.

As a result the following label is required on pack:

People suffering from perfume sensitivity should be cautious when using this product.

Air Fresheners do not replace good hygiene practices.

PSG Recommended Phrases:

Shake can well before use.

Avoid contact with polished or painted surfaces.

Cover all fish tanks and bowls during application
