2. Composition / Information On Ingredients

Ingredient	INCI Name	Weight	Hazard	Risk No
Deionised water	Aqua	> 30%	None	-
Butane & Propane	Butane and Propane	15 - 30%	Extremely flammable	R12
Paraffinic hydrocarbon	Paraffin	5 - 15%	Harmful, flammable.	R10, R65, R66, R67.
Dimethicone	Dimethicone	1 - 5%	None	-
Sorbitan Oleate	Sorbitan Oleate	< 1%	None	-
Fragrance	Parfum	< 1%	Irritant, Sensitising	R38, R43.
Beeswax	Cera Alba	< 1%	None	-
Montan wax	Cera Montan	< 1%	None	-

3. Hazard Identification

Human If ingested may cause some irritation to the mouth and upper digestive tract.
May cause slight eye irritation.
Unlikely to irritate the skin.
Unlikely to cause damage to internal organs following skin contact.

Prolonged inhalation of high concentrations of the aerosol and derived vapours may induce drowsiness, headache, loss of coordination and narcosis. In severe over exposure this may lead to

coma and death.

Inhalation of the aerosol may also cause slight irritation of the nose and upper respiratory tract.

Safety Extremely flammable.

Ecological Inherently biodegradable so unlikely to accumulate in the aquatic environment.
Not classified as dangerous to the environment.

4. First Aid Measures

Skin Contact In case of skin contact, wash the skin with soap and water.

Eye Contact In case of eye contact, wash out the eye thoroughly with plenty of clean water.

Ingestion In case of ingestion, wash out the mouth with water. Do not induce vomiting. Obtain medical attention urgently.

Inhalation In case of inhalation, remove from exposure. Keep warm and at rest.

5. Fire Fighting Measures

Fumes containing carbon dioxide and carbon monoxide may be formed in large fires.

In case of fire use powder, foam, sand, water spray. In case of fire, cool the stored aerosol cans with water spray.

Avoid using large quantities of water.

In case of fire, self contained breathing apparatus must be worn.

6. Accidental Release Measures

Contain and collect spillage. Extinguish any naked flames and remove any sources of ignition.

Absorb on to sand/ieselguhr or other inert material.

Failure to contain a release must be notified to both the local authority and Swallowfield plc.

Wear impervious gloves/overalls and eye protection and a vapour absorbing mask while clearing up the spillage.

Do not wash into the drains.

Place in plastic barrels for disposal.

Do not mix with other waste materials.

Dispose of in accordance with the local authority regulations.

Seek advice from the local waste authority.

7. Handling & Storage

Storage Keep away from sources of ignition.
Store the aerosol cans at between 5 and 50 degrees Centigrade out of direct sunlight.
Do not store close to strong oxidising agents which could aggravate any fire situation.
Do not store product in direct sunlight.

Handling Use in a well ventilated area.

8. Exposure Controls & Personal Protection

General Information Avoid contact with eyes, skin or clothes, do not inhale the spray.
Working procedures should be designed to minimise worker exposure to this product. Where this is not possible the following personal protective equipment should be provided:

Hand Protection Impervious gloves recommended.

Skin Protection Protective overalls and shoes/boots recommended.

Eye Protection Chemical safety goggles recommended.

Respiratory Adequate particulate absorbing face mask, respiratory protection recommended.

Occupational Exposure Limits All personal protective equipment must comply with the appropriate EEC (CE) standards and should be maintained and stored to ensure continued suitability for use. Workers should be trained in the effective use and maintenance of the personal protective equipment provided.
Butane and Isobutane and propane 8 hr TWA
Butane 600ppm 1450mg/m³.

9. Physical & Chemical Properties

Appearance Aerosol spray

Odour Lavender

10. Stability & Reactivity

May react with strong oxidants.
Decomposition can occur above 100degC after loss of any volatile component

11. Toxicological Information

LD50 (oral rat) > 2000 mg/kg
Not classified as "Harmful if swallowed"
May cause minimal effects following ingestion.
Prolonged contact may cause slight skin irritation.
May cause slight eye irritation.
Will cause severe chemical pneumonitis if aspirated into the lungs.
Inhalation of the aerosol/spray may cause slight irritation of the nose and upper respiratory tract.

12. Ecological Information

This product is inherently biodegradable.
Do not release into surface waters.

13. Disposal

When disposing of waste or surplus material avoid contact with the eye and skin. Wear impervious gloves/overalls and chemical safety goggles.
Do not wash into drains.
Do not mix with other waste materials.
Seek advice from the local waste authority.

14. Transport Information

This product is classified as Dangerous for Transport and should be labelled:- UN NO 1950

15. Regulatory Information

This preparation has been assessed using the health, safety and environmental criteria laid down in the EEC Directives on the control of Dangerous Substances and Preparations. It is found to be classified as "Dangerous" according to the safety criteria and should be labelled:-

F+

Extremely flammable

USE ONLY AS DIRECTED KEEP AWAY FROM CHILDREN. WASH HANDS AFTER USE.

R12 Extremely flammable.

S2 Keep out of the reach of children

S43 In case of fire, use dry chemical, foam or fine water spray- Do not use water jet

S16 Keep away from sources of ignition.- No smoking.

Contains 34% by weight flammable material.

Solvent abuse can kill instantly.

Pressurized container: protect from sunlight and do not expose to temperatures exceeding 50 degree Centigrade. Do not pierce or burn the

can, even after use.

Do not spray on naked flames or incandescent material.

Do not spray into the eyes or onto the skin and avoid inhalation of the vapour or spray.

Use only as directed.

16. Other Information

This safety data sheet takes into account the enactment of Council Directive 67/548, and its amendments/adaptations and also EC Directive 648/2004. Information is supplied by as a result of independent assessment.
