2. Composition / Information On Ingredients

Ingredient	INCI Name	Weight	Hazard	Risk No
Ethanol	Alcohol Denat.	5 - 15%	Highly flammable	R11
Sodium Cocoyl Sarcosinate	Sodium Cocoyl Sarcosinate	< 5%	None	None
Coco-Glucoside	Coco glucoside	< 5%	None	None
Spirit vigegar	n.a.	< 5%	Not classified	
Perfume	Parfum	< 5%	None	None

3. Hazard Identification

Human If ingested may cause some irritation of to mouth and upper digestive tract.

May irritate the eye.
May cause stinging if it enters the eyes.
May cause slight skin irritation.
Unlikely to cause damage to internal organs following skin contact.
Inhalation may cause slight irritation of the nose and upper respiratory tract.

Safety Not classified as flammable, explosive or oxidising. Unclassified.

Ecological There is insufficient amounts of ingredients available in the product to cause adverse effect to

the environment.
Not classified as dangerous to the environment.

4. First Aid Measures

Ingestion In cases of ingestion, wash out mouth with water but do not give anything to swallow. Do not induce vomiting. Obtain medical attention urgently.
Medical advice: This product may be aspirated on swallowing or following regurgitation of stomach contents as a result of vomiting. Aspiration is likely to cause severe chemical pneumonitis which may require urgent treatment. Induction of vomiting should be avoided and gastric lavage should only be undertaken by endotracheal intubation.

Skin Contact In cases of skin contact, wash the skin with soap and water.

Eye Contact In cases of eye contact, wash out the eye thoroughly with plenty of clean water.

Inhalation Inhalation an unlikely event with this product.

5. Fire Fighting Measures

Fumes containing carbon dioxide and carbon monoxide may be formed in large fires.

Put out any fire with powder, foam, sand or water spray. The product is unlikely to burn as it is largely water based.

Avoid using large quantities of water.

In case of fire, self contained breathing apparatus should be worn.

6. Accidental Release Measures

Contain and collect spillage.

Absorb on to sand / kieselguhr or other inert material.

Failure to contain a release must be notified to both the local authority and Marks & Spence Plc.

Wear impervious gloves / overalls and eye protection while clearing up the spillage.

May make floor very slippery.

Do not wash into the drains.

Place in plastic barrels for disposal.

Do not mix with other waste materials.

Dispose of in accordance with state and local authority regulations.

7. Handling & Storage

Handling No specific handling conditions, other than those applied as best practice.

Storage Do not store next to any strong oxidising agents which could aggravate any fire situation.
No special storage requirements.
Do not store product in direct sunlight.
Store in containers, as supplied, at between 5 and 40°C.

8. Exposure Controls & Personal Protection

General Information Avoid contact with eyes, skin or clothes.

Hand Protection None

Skin Protection None

Eye Protection None

Respiratory Not required

Occupational Exposure Limits Ethanol 8hr TWA 1920 mg/m³ EH40/99

9. Physical & Chemical Properties

Appearance Water thin, clear, coloured liquid.

Odour Perfumed

pH 4.2 - 4.6

Density 0.970 - 0.990

10. Stability & Reactivity

Conditions to avoid: May react with strong oxidants.

Materials to avoid: None identified.

Hazardous decomposition products: Not expected to decompose during normal use.

11. Toxicological Information

Not classified as 'Harmful if swallowed'. May cause minimal effects following ingestion.

Will cause severe chemical pneumotitis if aspirated into the lungs.

Prolonged contact may cause slight skin irritation.

Contains low concentrations of one or more allergens. People who are

already sensitive to these materials may react adversely to this product.
May cause eye irritation.

12. Ecological Information

Eco toxicity:

Do not release into surface waters.

There is insufficient amounts of ingredients available in the product to cause adverse effect to the environment.

Persistence and Degradability:

This product is inherently biodegradable.

13. Disposal

Do not wash into drains.

Do not mix with other waste material.

Seek advice from local waste authority.

14. Transport Information

None

15. Regulatory Information

This substance has been assessed using the health, safety and environmental criteria laid down in the EEC Directives on the Control of Dangerous Substances and Preparations. It is found not to be classified according to the health and safety or environmental criteria.

USE ONLY AS DIRECTED

KEEP AWAY FROM CHILDREN

WASH HANDS AFTER USE

16. Other Information

This safety data sheet takes into account the enactment of Council Directive 67/548, and its amendments/adaptations. This safety data sheet is accurate to the best of our knowledge and is based on information which we consider reliable. It is furnished without warranty.
