4. First Aid Measures

Measures in the event of

Ingestion

- Inadvertent ingestion of the impregnation medium of the wipes: carefully wipe out the mouth in order to prevent further ingestion; then offer water but do not pour in by force; do not induce vomiting; consult a doctor or a Poison Control Centre as a precautionary measure. In the event of children and adults: do not induce vomiting. Rinse out mouth and drink around one glass of water. Where appropriate, consult competent Poison Control Centre or doctor.
- Inadvertent swallowing of the wipes by young children: always call doctor immediately.

Skin Contact

- No action required

Eye Contact

- Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult an ophthalmologist as a precautionary measure.

Inhalation

- an improbable route of contact.

When consulting a doctor or a Poison Control Centre, always have packaging or label available.

5. Fire Fighting Measures

All common extinguishing agents are suitable.

Marks and Spencer PLC, Waterside House, 35 North Wharf Road, London. W2 1NW

Emergency phone no. 01342 870900

<http://www.marksandspencer/productsafetyinfo.co.uk>

6. Accidental Release Measures

Unused products must be disposed of separately in accordance with the waste management directives of the local area.

7. Handling & Storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging. Avoid contact with eyes.

To avoid accidents, baby products must always be stored out of the reach of babies/infants. Store in a cool and dry place (room temperature).

8. Physical & Chemical Properties

The product is an inert personal hygiene impregnated wipe

9. Toxicological Information

The product has been thoroughly assessed as safe for its intended use in compliance with the requirements of Directive EC1223-2009.

10. Regulatory Information

The product is registered on the EU Cosmetics Portal in compliance with the requirements of Directive EC1223-2009.

11. Other Information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
