Marks & Spencer Homecare Products
Ingredients and Safety Data Sheet

1. Identification of Substance/Mixture and of the company undertaking

Product Name: Simply M&S non-bio SENSITIVE Gel Liquid Wash 21w

UPC: M00888936S

Series Number: 1

2. Hazard Identification

Human: Classification of the substance or mixture
Possibility of irritation to the skin and eyes

Safety: Keep out of the reach of children.
In case of contact with eyes, rinse immediately with plenty of water and seek medical advice.
If swallowed, seek medical advice immediately and show this container or label.
Avoid contact with eyes

Ecological: None

3. Composition / Information On Ingredients

Substances
No substances fulfil the criteria set forth in annexe II section A of the REACH regulation (EC) n° 1907/2006.

4. First Aid Measures

As a general rule, in case of doubt or if symptoms persist, always call a doctor.
NEVER induce swallowing in an unconscious person.

Description of first aid measures

In the event of exposure by inhalation:
Wash thoroughly with soft, clean water for 15 minutes holding the eyelids open.
Regardless of the initial state, refer the patient to an ophthalmologist and show him the label.

In the event of splashes or contact with eyes:
Wash thoroughly with soft, clean water for 15 minutes holding the eyelids open.
Regardless of the initial state, refer the patient to an ophthalmologist and show him the label.

In the event of splashes or contact with skin:
Remove contaminated clothing and wash the skin thoroughly with soap and water or a recognised cleaner.
Watch out for any remaining product between skin and clothing, watches, shoes, etc.
If the contaminated area is widespread and/or there is damage to the skin, a doctor must be consulted or the patient transferred to hospital.

In the event of swallowing:
Do not give the patient anything orally.
In the event of swallowing, if the quantity is small (no more than one mouthful), rinse the mouth with water and consult a doctor.
Seek medical attention, showing the label.
Seek medical attention immediately, showing the label.

Most important symptoms and effects, both acute and delayed
No data available.

5. Fire Fighting Measures

Extinguishing media
Suitable methods of extinction
In the event of a fire, use:

Unsuitable methods of extinction
In the event of a fire, do not use:

Special hazards arising from the substance or mixture
A fire will often produce a thick black smoke. Exposure to decomposition products may be hazardous to health.
Do not breathe in smoke.
In the event of a fire, the following may be formed:

Advice for firefighters
No data available.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures
Consult the safety measures listed under headings 7 and 8.

For non fire-fighters
Avoid any contact with the skin and eyes.

For fire-fighters
Fire-fighters will be equipped with suitable personal protective equipment (See section 8).

Environmental precautions
Contain and control the leaks or spills with non-combustible absorbent materials such as sand, earth, vermiculite, diatomaceous earth in drums for waste disposal.
Prevent any material from entering drains or waterways.

Methods and material for containment and cleaning up
Reference – 16129288/17039501
Neutralise with an acidic decontaminant.
Clean preferably with a detergent, do not use solvents.

**Reference to other sections**
No data available.

**7. Handling & Storage**

**Storage**: Keep out of reach of children.

**Handling**: Always wash hands after handling. Remove and wash contaminated clothing before re-using.
Emergency showers and eye wash stations will be required in facilities where the mixture is handled constantly.

**Specific end use(s)**: No data available.

**8. Exposure Controls & Personal Protection**

**Personal protective equipment**: None during normal use. Avoid prolonged contact.

**Environmental exposure controls**: No eSDS available

**General Information**: None during normal use. Avoid prolonged contact.

**Hand protection**: None during normal use. Avoid prolonged contact.

**Skin Protection**: None during normal use. Avoid prolonged contact.

**Eye protection**: None during normal use. Avoid prolonged contact.

**Respiratory**: None during normal use. Avoid prolonged contact.

**Occupational Exposure Limits**: None during normal use. Avoid prolonged contact.

**9. Physical & Chemical Properties**

**Appearance**: Viscous liquid

**Odour**: Characteristic

**10. Stability & Reactivity**

**Reactivity**
No data available.

**Chemical stability**
This mixture is stable under the recommended handling and storage conditions in section 7.

**Possibility of hazardous reactions**
No data available.

**Conditions to avoid**
Avoid:
- frost

**Incompatible materials**
Keep away from:

**Hazardous decomposition products**
The thermal decomposition may release/form:
- carbon monoxide (CO)

**11. Toxicological Information**

TOXICOLOGICAL INFORMATION
Reference – 16129288/17039501
The classification of this product, concerning the skin and eyes irritation, has been established according to the "Guidelines for the application of Directive 1999/45/EC, part B, AISE approach to irritancy testing" prepared by the International Association for Soaps, Detergents and Maintenance Products.

Information on toxicological effects
Substances
Acute toxicity:
Skin corrosion/skin irritation:
Serious damage to eyes/eye irritation:
Respiratory or skin sensitisation:
Germ cell mutagenicity:
Carcinogenicity:
Reproductive toxicant:
Specific target organ systemic toxicity - single exposure:
Specific target organ systemic toxicity - repeated exposure:
Aspiration hazard:
Mixture
No toxicological data available for the mixture.
Acute toxicity:
Skin corrosion/skin irritation:
Irritation: Causes skin irritation.
Serious damage to eyes/eye irritation:
Respiratory or skin sensitisation:
Germ cell mutagenicity:
Carcinogenicity:
Reproductive toxicant:
Specific target organ systemic toxicity - single exposure:
Specific target organ systemic toxicity - repeated exposure:
Aspiration hazard:
Symptoms related to the physical, chemical and toxicological characteristics
Delayed and immediate effects as well as chronic effects from short and long-term exposure
Interactive effects
Absence of specific data
Mixture versus substance information
Other information

12. Ecological Information

Toxicity
Substances
No aquatic toxicity data available for the substances.
Mixtures
No aquatic toxicity data available for the mixture.
Persistence and degradability
No data available.
Bioaccumulative potential
No data available.
Mobility in soil
No data available.
Results of PBT and vPvB assessment
No data available.
Other adverse effects

Reference – 16129288/17039501
13. Disposal

Proper waste management of the mixture and/or its container must be determined in accordance with Directive 2008/98/EC.

**Waste treatment methods**
Do not pour into drains or waterways.

**Waste:**
Waste management is carried out without endangering human health, without harming the environment and, in particular without risk to water, air, soil, plants or animals.
Recycle or dispose of waste in compliance with current legislation, preferably via a certified collector or company.
Do not contaminate the ground or water with waste, do not dispose of waste into the environment.

**Soiled packaging:**
Empty container completely. Keep label(s) on container.
Give to a certified disposal contractor.

**Local arrangements:**
Codes of wastes

14. Transport Information

Exempt from transport classification and labelling.

15. Regulatory Information

Safety, health and environmental regulations/legislation specific for the substance or mixture

**Particular provisions:**
No data available.
- Standardised American system for the identification of hazards presented by the product in view of emergency procedures (NFPA 704):
  - Chemical safety assessment
No data available.

16. Other Information

Since the user's working conditions are not known by us, the information supplied on this safety data sheet is based on our current level of knowledge and on national and community regulations.
The mixture must not be used for other uses than those specified in section 1 without having first obtained written handling instructions.
It is at all times the responsibility of the user to take all necessary measures to comply with legal requirements and local regulations.
The information in this safety data sheet must be regarded as a description of the safety requirements relating to the mixture and not as a guarantee of the properties thereof.

**Title for H, EUH and R indications mentioned in section 3:**
H302 Harmful if swallowed.
H315 Causes skin irritation.
H318 Causes serious eye damage.
H319 Causes serious eye irritation.
R 22 Harmful if swallowed.
R 36/38 Irritating to eyes and skin.
R 38 Irritating to skin.
R 41 Risk of serious damage to eyes.
