## 4. First Aid Measures

Measures in the event of

### Eye Contact

– Inadvertent contact with eyes: rinse thoroughly with plenty of lukewarm water immediately; if irritation persists, consult an ophthalmologist as a precautionary measure.

When consulting a doctor or a Poison Control Centre, always have packaging or label available.

## 5. Fire Fighting Measures

All common extinguishing agents are suitable.

## 6. Accidental Release Measures

Packaging can be recycled after residual emptying and rinsing.

Filled, unused packages must be disposed of in accordance with the waste management directives of the local area.

## 7. Handling & Storage

Must be used in accordance with manufacturer's instructions. Observe any warnings on packaging. Store in a cool and dry place (room temperature). Reseal container after use.

## 8. Physical & Chemical Properties

The product is a chemically inert floss for personal hygiene of the teeth.

## 9. Toxicological Information

There are no issues regarding this product other than the extremely unlikely possibility of an allergic response to one of the components.

## 10. Regulatory Information

The product is only subject to general sales regulations.

## 11. Other Information

Refer to conditions of use and any warnings on the product or packaging.

For consultation in the event of poisoning, the Poison Control Centres have additional details about the individual products. When consulting a Poison Control Centre always keep packaging or label and possibly package insert available.
